Capability Statement

Company Overview

Bundarra Contracting Pty Ltd is a 100% Aboriginal owned and operated Civil, Mining, Earthworks and Labour Hire contractor with indigenous skilled and semi-skilled labour. Bundarra is based in WA's Northern Goldfields region with a resident indigenous workforce.

Operating since 2001, Bundarra started with fencing, mustering and station work quickly expanding out into mining services providing earthworks, haulage, construction, labour hire and support services. Bundarra now holds extensive experience across a range of services supporting the mining of various different commodity types.

Our **goal** is to provide flexible low cost, high quality work to all our clients. Our **objective** is providing a safe and beneficial working environment for all our employees, creating and sustaining employment opportunities locally within the Northern Goldfields.

Safety, Environment, Quality & Risk

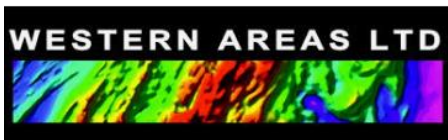

At Bundarra Safety and Quality are the focuses that drive long term relationships with our clients. To meet or exceed our clients expectations Bundarra's Management System aligns to the principles set out in;

AS/NZS 4801:2001 – Occupational Health and Safety Management Systems

AS/NZS ISO 14001:2016 – Environmental Management Systems

AS/NZS ISO 9001:2016 – Quality Management Systems
