WHO ARE WE?

D-MAC Mining is a specialised recruiter of experienced and qualified mining professionals. We are a fully Aboriginal-owned and operated business based in Western Australia’s Goldfields region. When you partner with D-MAC Mining, you gain immediate access to expertise and resources in recruitment and labour solutions. We direct skilled professionals on a project, contract or a permanent basis.

WHY WE DO IT

D-MAC Mining provides quality labour support and maintenance solutions to contractors and business owners in Western Australia. We improve your workforce by recommending the right people to you.

By matching potential employees with the right skills to your business, we help you to maintain your productivity and strengthen the backbone of your business — your team.

Strengthen the backbone of your business — **your team**

WHY WE DO IT

Finding reliable and capable people is a continuous challenge in the mining and civil industries — with a measurable impact on your company’s safety and productivity.

D-MAC Mining’s people-centric approach is about building a motivated workforce. We establish stronger relationships with our industry partners to narrow down your pool of potential applicants.

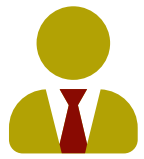

WHY CHOOSE US?

We understand the current industry’s needs and issues. This enables us to create custom HR solutions that meet your organisation’s needs, as well as formulate location-specific strategies. We are committed to operating with honesty and professionalism at the core of all that we do.

CUSTOM SOLUTIONS

Our workforce solutions are tailored specifically to your project, we connect you with quality candidates who meet all skills and experience requirements.

DEDICATED CONSULTANT

We maintain clear communication channels, with a dedicated point of contact who is focused on solving all your unique recruitment needs.

DETAILED REPORTING

To make the right decisions, you need the right information. Our detailed reporting on every candidate ensures you’ve got all the answers ready to go.

TRAVARIS STOKES

Travaris is highly knowledgeable in the development of cost-effective and time-focused labour solutions with over 15 years’ experience in plant operations for the likes of Ngarda Civil & Mining, Carey and Macmahon.

Using his expertise, he leads our team in narrowing down your pool of potential candidates so you can find the right people for your company immediately.
