 Duha Cleaning Services

WHO ARE WE?

The story of Duha Cleaning Services starts in 2019 when the Yilka Aboriginal Corporation nominated Elizabeth (Liz) Wyatt for the right to a cleaning contract opportunity with the newly established Gruyere mine.

Liz came about the name Duha for the business to pay respect to her Grandmother and Yilka Elder, Duha, whom she loved and admired. Liz has over twenty years' experience in the cleaning industry and wanted to use this opportunity to build a business with strong safety and quality foundations for clients across Western Australia.

Duha Cleaning Services is proudly 100% Aboriginal Owned and Managed.

WHAT WE DO

We service the Goldfields and Perth Metropolitan Regions of Western Australia and have the capacity to scale our operations. Whether your office is small to medium in Perth, or a larger facility in the Goldfields Region, we are the business to get it done safely and efficiently.

Our experienced Cleaning Staff have current Police Clearances and Construction Cards and will ensure safety is always adhered to in line with Client's site-specific requirements.

Cleaning Services (Contract)

Provision of cleaning services, including labour, for mining and commercial businesses.

Cleaning Services (Shutdown)

Duha can provide shorter-term Shutdown Cleaning Services for mine sites. We will work with the Client to establish plans and facilitate deep cleaning across offices, dormitories, and other support amenity blocks as required.

Supply of Cleaning Equipment and Consumables

Provision of Cleaning Consumables and Equipment, either through Cleaning Service Agreements, or in its own entity.

WHY WE DO IT

Duha Cleaning Services seeks to ensure that businesses have a consistently clean working environment to support focus on their employed role and not be disturbed by the worries of cleaning the office areas they occupy.

Duha values its employees to clean well and clean smart, listen to the needs of its client to do the job they need done, undertake cleaning activities in a safe manner, and respond to the demands of the situation.

HOW DO WE DO IT?

QUALITY

We pride ourselves on high-quality and safe cleaning services. We build individual cleaning checklists for each contract to ensure tasks are consistently done to an exceptional standard for our Clients.

CUSTOMER SERVICE

We are committed to building strong positive relationships with our clients, which allows Duha to adapt to any changes if/when required.

INTEGRITY

We operate with honesty and efficiency, ensuring minimal impact to Clients normal business requirements.

ELIZABETH (LIZ) WYATT

Liz, Manager of Duha Cleaning Services, is a proud Aboriginal person of Yilka heritage in the Goldfields Region of Western Australia. Having over twenty years' experience in cleaning and catering, Liz understands the importance of a clean and safe working environment. During her time, Liz has worked for several leading civil and mining companies, including Civmec, Decmil, Theiss, NRW and Brierty.

Liz is passionate about three key objectives, Quality, Customer Service, and Integrity, which have become the cornerstones of Duha Cleaning Services.

CURRENT PROJECTS

Downer Mining: Gruyere Gold Project

Located 200km east of Laverton, the Gruyere Gold Project is a Joint Venture between Gold Road Resources and Gold Fields. The mine has been operated by Downer Mining since its commencement in 2018. Duha proudly provides cleaning services, under a five-year contract, to the administration and support buildings at the mine site.
